EXPERIENCE

SDE-II

Navi Technologies Pvt Ltd

 Aug 2024 – Present

- I am a member of the centralized growth team responsible for managing key areas such as the homepage, user profiles, authentication, and KYC processes.
- Independently developed an end-to-end KYC flow adaptable for products like Home Loans, Cash Loans, Insurance and Investments.
- Led the development of “Check Your CIBIL Score” feature, introducing **SwiftUI** and the **MVI Architecture** in this feature.
- Consistently worked on updates, experiments, and enhancements for the homepage using UITron(in-house dynamic UI framework) without releases, often delivered on short notice, sometimes just 2–3 hours before go-live.
- Mentored three freshers by onboarding them to the project and guiding them in successfully delivering features.
- Took care of release process various times.

SDE-I

Navi Technologies Pvt Ltd

 Sep 2022 – Jul 2024

- Developed vital features for NAVI Home Loan like upgrade offer, close loans, foreclose loan etc and was given complete ownership.
- Was deeply involved in the launch of NAVI AMC. Created multiple screen and end to end sell flow.
- Involved in the implementation of UITron(In-house dynamic UI) and used that to revamp home page.
- Contributed to the initial launch of Navi UPI by developing key screens, resolving last-minute bugs, and addressing audit-related issues.

SWIFT, UIKIT, RXSWIFT, COMBINE, MVVM, SNAPKIT, SWIFTUI, MVI

Software Development Engineer Intern

JOSH TECHNOLOGY GROUP

 Feb 2022 – Aug 2022

- Worked on Quicktest, a widely used in-house hiring platform for companies and universities.
- Involved in writing testcases for the entire legacy Quicktest backend.

GO, GORM, ANGULAR, TYPESCRIPT

PROJECTS

WEATHER APP [Link](#)

NODE.JS, EXPRESS.JS, MONGODB, HTML, CSS, JAVASCRIPT

 March 2022 – April 2022

- A Web App to fetch real time weather for any location
- Uses MapBox api to fetch longitude and latitude OpenWeather API to fetch real time weather

EDUCATION

B.Tech in Computer Science and engineering

Heritage institute of technology, Kolkata

 Aug 2018 – Aug 2022 CGPA : 8.0

Intermediate

Jawahar Navodaya Vidyalaya, Begusarai

 Apr 2016 – Mar 2017 Per : 86.2%

Class X in CBSE

Jawahar Navodaya Vidyalaya, Begusarai

 June 2015 CGPA : 9.8

SKILLS

Programming - **Swift, C, C++, Python**

Front-end - **iOS Development, UIKit, SwiftUI, Combine, RxSwift, TypeScript**

Others - **MVVM, MVI, Git, Github, SQL, Data structures and algorithms**

LINKS

[Leetcode](#) [Codeforces](#)

ACHIEVEMENTS

- Ranked 180 in Codeforces round 760 (div 3) (participants 27,000)
- On various platforms, I've solved over 1000 data structures and algorithms problems.
- Ranked 543 and 570 in Codeforces round 751 728 (div 2) (participants 20,000)
- Ranked 14 times under 2000 in regular Codeforces rounds (participants 20,000)

CERTIFICATION

- **6 month fellowship program in Software engineering**
